

Discussion: Introduction Post

We will begin the course by getting to know each other. Through this "ice breaker" activity, we will build a sense of global community.

Instructions: Create an initial discussion post that includes the following, then respond to at least two of your peers.

Part 1 - (Initial Post)

- Please write a brief introduction of your culture profile and share it with the group. Your cultural introduction might include traveling abroad, different laws in your country, what is considered rude or polite, traditional foods, wedding ceremonies, exciting facts about your culture, etc.

Part 2 - (Peer Responses)

- Reply to at least two classmates, discussing the similarities and differences in cultural backgrounds and perspectives. Please be mindful of your responses and remain open-minded to the other cultural perspectives of your classmates.
