

Global Approach to Quality Improvement projects: Article Presentation wk1

 Published

 Edit

In your teams select one of the articles posted for week one describing a quality improvement project. The articles represent peer reviewed work publications from various countries around the world. Create a ppt presentation presenting and discussing:

- 1) the article including journal, authors and title, provide APA reference
- 2) the context/environment/setting
- 3) the problem(s)
- 4) the patient population
- 5) The methods used
- 6) solution identified
- 7) outcome

Emphasis is placed on details.

[2017 Thomas Knowledge is Power. A quality improvement project to increase patient understanding.pdf](#)

[2016 Mohamed A Quality Improvement Project to Reduce the No Show rate.pdf](#)

[2016 Saunbury Improving communications between phlebotomist and doctors.pdf](#)

[2020 Khan Quality improvement project for improving inpatient glycaemic control.pdf](#)
