Global Heath Care System Comparison: Week 5 Paper

✓ **Published**   ✎ **Edit**   ⋮

In week 5 working in your teams build on the knowledge gained from the work you have done on the topics of waste, fraud, and abuse in the health care systems as well as health care delivery.

You will compare the US Health Care System to either Canada or Switzerland. The comparison must include:

1) A description of the nations national health care system and national insurance system.

2) Role of the Federal and State/provincial governments

3) Describe the payment system: single payer or multiple payer system

4) Describe the cost control processes used at the federal and state/provincial levels.

5) Does a coverage gap exist for the nations population? if why and who ?

6) How do the countries compare in terms of outcomes of the following: cardiac arrest, fetal mortality, pancreatic cancer, breast cancer.

Be sure to include an analysis of the similarities or differences in language (national language), education standards for physicians, nurses, and dentist, size of the economy, population, per capita spending on health care.

The paper cannot be longer than 5 pages single spaced plus a reference page. It must contain 1 table or graph. Turnitin will be used.

A minimum of 10 references are required. You will present your paper as well.
